

IMPROVE PROCESSES IN ACCOUNT LIFE CYCLES

Hospitals often outsource some or all of their revenue cycle inventory to assist with associated costs due to full-time employee attrition and the ability to use vendor-focused projects to maintain work continuity. Several departments could be impacted including coding, physician offices, medical records and cash-posting, facing challenges with slow pay or non-payments by certain payers.

Collaborate with Bolder

The Bolder Healthcare Hospital Revenue Cycle Management (HRCM) solution augments existing hospital resources to improve cost-to-collect and support system conversions, acquisitions, divestitures, restructurings, or whatever needs existing resources were unable to handle. Our HRCM projects encompass the life cycles of a patient account regardless of hospital size or corporate entity with a team that has years of experience in revenue cycle management and account resolution.

Trusted knowledge. Comprehensive support.

Bolder HRCM projects entail the processes in any account life cycle - from admission to bad debt collections - and our staff is versed in tasks required to adjudicate a claim. We work across the Bolder service lines to position the best team to address your organization's challenges to improve physician and patient satisfaction. Our leadership has more than 60 years of combined experience with an emphasis on data-driven metrics with expected productivity and account resolution outcomes.
